

PLAZA MIDWOOD

With an increased emphasis on individuality and modern design and offering more than 75 skus, the collection – called Plaza Midwood – features moderately scaled items and customizable pieces, making it the perfect collection to reach a new target audience – the next generation of luxury furniture buyers. Designed to better serve younger generations and consumers who live in loft-style spaces or homes with open concept floorplans, the collection offers smaller, yet functional pieces.

The customizable stationary upholstery program includes numerous sectional pieces, two sofa sizes, swivel chairs, recliners, loveseats and chairs with coordinating ottomans. Each item is available in leather, fabric or a leather/fabric combination and can be tailored to the customer's personal preference with a choice of four unique arm styles and two leg styles.
